COMPANY OVERVIEW

Sunny Smiles, Global Miles

Sunrise Grains Global Pvt. Ltd. is a trusted Indian exporter of premium agricultural commodities.

We connect the richness of Indian agriculture with global markets through quality products, reliable sourcing, competitive pricing and timely deliveries.

Our commitment is to create long-term value for our customers and partners worldwide.

MISSION

To deliver high-quality agricultural products globally with integrity, innovation and sustainability.

VISION

To be a globally respected agri-exporter recognized for quality, reliability and long-term partnerships.

CORE VALUES

Integrity • Quality • Commitment
Sustainability • Customer Focus

GLOBAL REACH

Serving customers in over 50+ countries across 6 continents.

CUSTOMER COMMITMENT

We are committed to building lasting relationships through consistent quality and dedicated customer support.

WHY CHOOSE SUNRISE GRAINS

We deliver more than just agricultural commodities.
We deliver trust, quality, and long-term value to
global businesses.

QUALITY ASSURANCE

Strict quality control
at every stage to
ensure premium
products.

RELIABLE SUPPLY CHAIN

Strong network and
efficient logistics for
a smooth and dependable
supply.

COMPETITIVE PRICING

Best quality at the
most competitive
prices.

INTERNATIONAL STANDARDS

Compliant with global
standards and
export regulations.

TIMELY DELIVERIES

On-time shipments,
every time,
anywhere in the world.

CUSTOMER SATISFACTION

Our customer's success
is our priority.

OUR CERTIFICATIONS

Our certifications reflect our commitment to international standards, quality assurance, food safety, and ethical business practices. We ensure that every product meets global compliance and customer expectations.

GMP

Good Manufacturing Practice ensuring consistent production standards and product quality.

KOSHER

Kosher certified products prepared in accordance with Jewish dietary laws and regulations.

HALAL

Halal certified products meeting the Islamic dietary laws and ensuring ethical processing.

ISO 9001:2015

Quality Management System ensuring consistent quality, continuous improvement and customer satisfaction.

FSSC 22000

Food Safety System Certification ensuring food safety management across the entire supply chain.

APEDA

Registered with APEDA for export of agricultural and processed food products from India.

IEC

Import Export Code certified by DGFT, Government of India for global trade and international business.

FSSAI

Central License under FSS Act, 2006 for import, export, retail and trading of food products.

MSME

Registered under Ministry of MSME, Government of India supporting innovation and entrepreneurship.

HACCP

Food Safety Management System identifying, evaluating and controlling potential food safety hazards.

GUAR SEED

Premium Export-Quality Guar Seeds

Carefully selected, naturally processed guar seeds used for producing guar gum and high-protein animal feed.

PRODUCT OVERVIEW

Our premium quality guar seeds are sourced from the finest farms in India. They are cleaned and processed under strict quality controls to ensure optimum purity, moisture, and germination. These seeds are widely used in guar gum manufacturing and as a nutritious ingredient in animal feed.

KEY FEATURES

High Purity
Carefully cleaned to ensure maximum purity.

Low Moisture
Optimal moisture for long shelf life.

Good Germination
High germination rate for better yield.

Foreign Matter Free
Processed to remove dust, stones, and impurities.

Export Quality
Meets international quality standards.

Oil Content	2–3%
Protein Content	18–22%

STORAGE CONDITIONS

Store in a cool, dry and well-ventilated place. Keep away from moisture, heat and direct sunlight.

SUITABLE BUYERS

Importers, Distributors, Feed Manufacturers, Guar Gum Manufacturers, Wholesalers, and Industrial Buyers.

GUAR GUM SPLIT

Premium Quality Guar Gum Split

High-viscosity guar gum split for a wide range of industrial applications. Processed to deliver consistent performance, purity, and solubility.

PRODUCT OVERVIEW

Guar gum split is a natural polysaccharide with high thickening and stabilizing properties. It is widely used in food, industrial, and oil & gas applications for its excellent viscosity, hydration, and film-forming abilities.

KEY FEATURES

High Viscosity

Delivers superior thickening and stabilizing performance.

100% Natural

Plant-based, biodegradable and eco-friendly.

Excellent Solubility

Disperses quickly in hot and cold water.

Consistent Quality

Uniform particle size and viscosity.

Wide Application

Suitable for diverse food and industrial applications.

STORAGE CONDITIONS

Store in a cool, dry and well-ventilated place. Keep away from moisture, heat and direct sunlight.

SUITABLE BUYERS

Importers, Distributors, Manufacturers, Industrial Users, Oil & Gas Companies, Food Processors, Traders, Wholesalers.

ROASTED GUAR KORMA

Premium Export-Quality Roasted Guar Korma

High-protein roasted guar korma processed under strict quality standards to deliver excellent nutritional value, digestibility, and consistent quality for the animal feed industry.

PRODUCT OVERVIEW

Our roasted guar korma is manufactured from premium guar splits using controlled roasting technology. Rich in protein and energy, it is widely used in cattle feed, poultry feed, aqua feed, sheep feed, and other livestock nutrition applications. Every batch is processed under strict quality control to ensure consistency, freshness, and export-grade standards.

KEY FEATURES

High Protein

Excellent source of plant protein to support healthy growth.

Roasted & Highly Digestible

Carefully roasted to enhance digestibility and nutrient availability.

Rich Energy Source

Provides essential energy to support productivity.

Low Moisture

Low moisture content for better storage and quality retention.

Export Quality

Processed under strict quality standards to meet global export requirements.

STORAGE CONDITIONS

Store in a cool, dry place away from moisture and direct sunlight.

SUITABLE BUYERS

Feed Manufacturers, Importers, Distributors, Wholesalers, Dairy Farms, Poultry Farms, Livestock Feed Producers.

GUAR MEAL

Premium Export-Quality Guar Meal

High-protein guar meal is a valuable by-product derived from guar seeds after the extraction of gum. It is an excellent source of protein and fiber, making it an ideal and economical ingredient for animal nutrition and feed formulations.

PRODUCT OVERVIEW

Our guar meal is processed from high-quality guar seeds using advanced dehulling and extraction techniques. It is rich in protein and energy, highly digestible, and widely used in cattle, poultry, aqua, sheep, and other livestock feed applications.

APPLICATIONS

Cattle Feed

Poultry Feed

Aqua Feed

Sheep & Goat Feed

Livestock Nutrition

Feed Manufacturing

KEY FEATURES

High Protein

Excellent source of plant protein to support healthy growth.

Highly Digestible

Ensures better nutrient absorption and improved feed efficiency.

Rich Energy Source

Provides essential energy to support productivity.

Supports Animal Health

Natural fiber content aids in digestion and gut health.

CEREALS & GRAINS

PREMIUM QUALITY

Wholesome Grains. Nourishing Lives.

Our premium quality cereals & grains are carefully sourced from the best farms and processed to deliver superior taste, high nutrition, and consistent quality for diverse culinary and industrial applications worldwide.

PRODUCT OVERVIEW

We offer a complete range of high-quality cereals & grains including Raw Wheat – Graded (Whole Grain), Barley, and Bajra (Pearl Millet). Each variety is carefully cleaned, graded, and packed to preserve its natural goodness, taste, and shelf life.

TYPES OF CEREALS & GRAINS WE OFFER

RAW WHEAT – GRADED (WHOLE GRAIN)

- Whole Grain
- Naturally Nutritious
- High in Fiber
- Ideal for Milling & Cooking

BARLEY

- Whole Grain
- Rich in Fiber
- Good Source of Minerals
- Ideal for Soups & Stews

BAJRA (PEARL MILLET)

- Whole Grain
- High in Iron & Calcium
- Gluten Free
- Ideal for Healthy Diets

KEY FEATURES

High Quality
Carefully selected grains ensuring superior quality.

Rich in Nutrition
Excellent source of carbohydrates, protein, fiber, and essential nutrients.

Naturally Grown
Sourced from quality farms using sustainable practices.

Hygienically Processed
Advanced cleaning, grading, and processing to ensure purity.

Export Quality
Processed and packed to meet international quality standards.
